**Subject:** Placement in Portugal Information - Collaboration with Universitatea Alexandru Ioan Cuza

Dear Responsibles for the International Department of Universitatea Alexandru Ioan Cuza,

My name is Joana Santos and I am contacting you, following our conversation by phone, on behalf of **Placement in Portugal** - a recruitment organization which aims to provide international young professionals, internships in portuguese companies.

At the moment, our organization collaborates with **more than 100 companies in Portugal** which allocate international trainees from several fields of study. These companies are prepared to receive candidates who have recently finished their studies or candidates who need curricular internships to complement their courses.

How do we work?

- In the majority of cases, we receive applications on our website from students who are eligible for the Erasmus + Scholarship;
- We schedule interviews with them in order to know their goals for the internship, their needs and to give them information related to the companies;
- We help the candidates during the process, with the bureaucracy and other needs regarding their stay during the internship in Portugal;
- Our services are free of charge for the candidates.

Ideally we would like to **(1)** be mentioned in your website, **(2)** to have our offers available for your students and for last **(3)** to show our beautiful country to your students.

The purpose of this contact is to make you aware of Placement in Portugal and see if a **partnership is possible** regarding the allocation of more students. Our aim is to have more students knowing about our organization and provide our information to Universities around Europe.

I attached the image that we use to promote our services and I will let you also, our details with more information about us:

**Website:** [www.placementinportugal.com](http://www.placementinportugal.com)

**E-mail:** [applications@placementinportugal.com](mailto:applications@placementinportugal.com)

Looking foward to hearing from you.

Kind regards,

Joana Santos
